Part 4 Tax Withholding

- **Federal Withholding:** You are liable for federal income tax on the taxable portion of your distribution. If total withholding is not adequate, you may be subject to estimated tax payments and/or penalties.
- **State Withholding:** Withholding rules vary by state. Clients may have the option to: (1) opt-out of withholding, (2) elect default state tax withholding, or (3) increase the rate of withholding. Depending on the state, state tax withholding could be mandatory, optional, unavailable, or the client may need to complete a state-specific form. For state tax withholding rules, go to riversource.com/statetax.
- **Connecticut residents only:** Complete the most current version of Form CT-W4P located on Connecticut's Official State Website (ct.gov) to determine the amount that is required to be withheld for state taxes. If this form is not received prior to your first payment, Connecticut requires that we withhold at the highest rate for state taxes from the taxable portion of each annuity payment.
- Please note that taxes withheld per your elections or in accordance with state rules will not be refunded.
- For all tax-qualified annuities: Withholding is taken from the total amount distributed.
- For nonqualified annuities: Withholding is taken from the taxable amount distributed.
- Different withholding rules apply in certain situations: If we do not have a valid Taxpayer Identification Number on the account, if the payment is delivered outside the United States or if you are a non-resident alien.
- Please consult your tax professional for additional information regarding federal and/or state withholding.

Important IRS Federal Withholding changes

- Effective January 1, 2023, regulations require use of Form W-4P, signed by the taxpayer or authorized signer to provide federal withholding standing election details from which RiverSource will calculate the applicable federal withholding, per payment.

Choosing not to have income tax withheld

- You can choose not to have federal income tax withheld from your payments by writing "No Withholding" on Form W-4P in the space below Step 4(c).
- To provide federal withholding details, use the W-4P Federal Withholding Instruction for RiverSource Annuitized Contracts form (Form 117575). This form may be obtained at riversource.com/forms.
- Current federal withholding amount can be confirmed by contacting us.

Federal Tax withholding

- Withhold 0% federal tax
- Withhold federal default rate (single with no exemptions)
- Withhold at the rate on the Form W-4P attached or already on file with RiverSource (If this box is checked and no Form W-4P is attached or on file for this amount, RiverSource must withhold the federal default rate.)

State Withholding

- If you do not indicate an election, we will generally follow your choice for federal election unless your state does not allow.
 - No state tax withholding will be taken for states where withholding is not available.
 - The taxpayer's resident state on file is the state we use for state tax withholding.
- Do NOT withhold state tax
- Withhold default state tax
- Withhold % of each payment (fixed payouts only)
- Withhold \$ in addition to default state tax
- If this default results in no withholding, please withhold \$ or % (fixed payouts only)

Part 5 Acknowledgements and Signatures MUST BE COMPLETED

- This paragraph applies only to nonqualified annuities, and only if the annuity is or was part of a partial 1035 exchange from one annuity to another annuity. IRS Revenue Procedure 2011-38 states if withdrawals are taken from either annuity within a 180-day period following a partial 1035 exchange, the IRS will apply general tax principles to determine the tax treatment of the previous exchange and the subsequent withdrawal. For example, a distribution from either contract within 180 days of the exchange may result in additional taxable income related to the contracts involved in the exchange. The IRS tax treatment may be different than what is reported on Form 1099-R. A tax advisor should be contacted before any withdrawals are taken from either annuity contract during the 180-day period. This 180-day limitation on withdrawals does not apply to annuitized amounts if the annuitization is for life/lives or a period of 10 years or more.
- For RAVA 5 annuities sold on or after April 29, 2013: If you choose a variable annuitization in the first ten years of your contract, your Mortality & Expense fee will not decrease on the tenth contract anniversary.
- My signature below certifies that I have received, read and understand the 'Annuitization Acknowledgements of Understanding', and that the acknowledgement statements contained therein are accurate. I affirm that the information provided in this request form is truthful and correct as applied to me and may be included in any required reports to tax or regulatory authorities.
- I understand that any annuity payments issued after my death, but not due to me or my estate, will be subject to reimbursement from my estate.
- I understand that my annuity payments may be taxable in whole or in part, and you will send me a tax statement showing taxable amounts and any taxes withheld early each year.

Foreign Account Tax Compliance Act Reporting

A FATCA exemption code is required for persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. If you are only submitting this form for an account you hold in the United States, no code is required. Otherwise, submit IRS Form W-9 separately.

As used below, the word "I" refers to the new owner who is the taxpayer on the account.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number, and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below), and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification Instructions:

As used below, the word "You" refers to the new owner who is the taxpayer on the account.

Check this box if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate),
- or A domestic trust (as defined in Regulations section 301.7701-7).

Non-U.S. persons should submit the appropriate Form W-8.

Form W-9 and Form W-8 and their instructions are available upon request or on irs.gov.

Annuitization Acknowledgements of Understanding

Meeting Required Minimum Distribution Requirements (RMDs) via Annuitization - Applies to Qualified Annuities Only

The RMD rules are complex. This is a brief summary of some of the rules that you can use as a guide in exploring your settlement options. See your tax advisor for a more detailed explanation.

In general, RMDs must commence for each IRA or TSA you own no later than your required beginning date. The Required Minimum Distribution "RMD" rules can be satisfied by annuitizing your IRA or TSA, if the following requirements are met: (i) Distributions are made in periodic intervals not longer than one year; (ii) Distributions are made over the life or joint lives of the annuitant (or annuitant and designated beneficiary), or over a guaranteed period not longer than the life expectancy of the annuitant (or longer than the joint and survivor expectancy); (iii) The guaranteed period may not be lengthened after payments commence; and (iv) The Minimum Distribution Incidental Benefits (MDIB) requirements are met.

There are two elements involved in satisfying the MDIB rules: the guaranteed period requirements and the life contingency requirements. If your settlement mode includes a life annuity and a guaranteed period, the distributions must comply with both elements. In general, to satisfy the guaranteed period requirements, the guaranteed period cannot exceed the joint life expectancy of you and your beneficiary. If you have a beneficiary as of your required beginning date, the chart below summarizes life - contingent payments that will satisfy the MDIB rules:

	Joint With Spouse Beneficiary	Joint With Non-Spouse Beneficiary (Beneficiary is 0-10 years younger than annuitant on an adjusted basis*)	Joint With Non-Spouse Beneficiary (Beneficiary is 11-24 years younger than annuitant on an adjusted basis*)	Joint With Non-Spouse Beneficiary (Beneficiary is 25 or more years younger than annuitant on an adjusted basis*)
Joint and Full	Yes	Yes	No	No
Joint and 2/3	Yes	Yes	Yes	No
Joint and 1/2	Yes	Yes	Yes	Yes

* If the annuitant is younger than 70 at the annuity starting date, an adjustment is made. The adjustment is to decrease the age difference between the annuitant and the beneficiary by the number of years the annuitant is younger than 70.

Further information regarding Required Minimum Distributions is available for IRAs in Your Guide to IRAs, and for TSAs in IRS Publication 575, Pension and Annuity Income.

The IRS rules provide several methods for calculating Required Minimum Distributions. RiverSource Life Insurance Co. of New York makes no guarantee that I will meet all the minimum distribution requirements applicable to my situation with the settlement mode I selected.

All Annuities

- The various settlement modes and other distributions available to me are governed by the terms of my contract.
- The election of a settlement is final upon receipt of the request form in the corporate office and the settlement mode cannot be changed or reversed after that date.
- Certain settlement mode elections for my annuity payments may impact my ability to obtain medical assistance in the future or impact your personal tax situation. I understand that I should consult my professional tax and legal advisor(s) to consider all relevant financial information before making any decisions regarding this distribution method.
- There will be no death benefit paid to any heir or my estate, either lump sum or periodic installment, under the Life Income Non-Refund payout mode.
- I understand that neither I, nor my beneficiary can surrender or withdraw **in full or in part any portion of the contracts guaranteed payments** once the contract is in payout, unless I have the commutability feature approved by my state. **If payments to my beneficiary are under \$20.00 per payment and the total of remaining guaranteed payments is \$1,000.00 or less, we will send your beneficiary a lump sum check.**
- Upon receipt of my request and acceptance by RiverSource Life Insurance Co. of New York, I will receive confirmation of the terms of my annuitization plan.

Qualified Annuities

For certain beneficiaries if there are more than 10 years left in the guaranteed period upon your date of death, the remaining payments may be adjusted to meet a 10-year distribution rule as a result of the Secure Act.

Note: Non-natural beneficiaries are subject to a 5-year distribution rule.

100% Fixed Annuities - Applies to All Annuities

- The Installment Refund option provides guaranteed payments for a specified period of time. When no annual increase is selected, the number of guaranteed payments is determined by dividing the investment amount by the first payment amount. For Installment Refunds with an annual increase, the number of guaranteed payments is determined to reflect the annual increase percentage selected.
- The client can opt out of commutation at issue or after issue. Once a client opts out of commutation it is irrevocable and applies to all subsequent owners/beneficiaries.
- Full commutation may be available. Information will be provided with your confirmation letter.
- After a waiting period, full commutations will receive the present value of the remaining guaranteed payments in a lump sum, less any applicable surrender charge. If a life contingent settlement option is selected, payments will resume at the end of the guarantee period, if the annuitant is still living. This option may only be used once during the guaranteed payout period.

Combination Variable/Fixed Allocations - Applies to All Annuities

- The annuitization value and future payments will be valued seven days prior to the payment date.
- When allocated to a variable account, my annuity payment amounts will vary, and can go both up and down based on the investment experience of the variable account(s) to which my annuity is allocated. I understand the net investment experience for the account(s) must equal or exceed the A.I.R. (Assumed Interest Rate) that I have selected in order for my payment to not decrease.
- If my annuity has more than one variable account and I have allocated some portion to at least one account, I may reallocate values once per contract year among the other variable accounts, but I cannot change to or from the Fixed Account.
- Term certain annuity payout plans that contain a variable allocation, may be fully surrendered for a lump sum of the commuted value of any remaining guaranteed payments. A discount rate will be used to calculate the commuted value. A commute is not available if the account is being annuitized due to a Pre-Election of Death Benefit beneficiary designation.
- The Installment Refund option provides guaranteed payments for a specified period of time, determined by dividing the investment amount by the first payment amount. With a variable payout allocation, total payments with this mode may be more or less than the total amount invested.
