

Annuitization Start Date Postponement Request Form

Account Number

For RiverSource® annuities held inside a brokerage account, enter 141 for the administration code. For all other products, enter 004.

Part 1 Account Information

Contract Owner Name:

Trust or Entity Name

Part 2 Postponement Information

The Annuitization Start Date must be before age 105. If you request a date beyond age 105 we will automatically adjust it to the maximum available date for your contract. For fixed index and structured annuities, the annuitization start date must be a contract anniversary date prior to age 105. If the date entered is not a contract anniversary, we'll move it to the contract anniversary date following the date entered.

I would like to postpone my Annuitization Start Date to: (MM/DD/YYYY)

Part 3 Authorization and Acknowledgements

I understand that I may choose to annuitize my annuity contract any time prior to my Annuitization Start Date. I also understand that if my contract is still active, I will receive another communication when my Annuitization Start Date approaches.
